# Regulatory Implementation Framework

- National Environmental Policy Act – Environmental Assessment
- Endangered Species Act (others) – NMFS/USFW
- Coastal Zone Management Act – WDOE/DLCD
- Water Quality Certifications – WDOE/ODEQ

# Concluding Remarks

- There is a funding opportunity to implement RSM plan within next Fiscal Year
- The regulatory implementation timeline will be a challenge
- The coordination to follow through will continue to require active participation from the partnership to ensure success
